Please tick the box below that applies to the purpose of your application.

I am an existing Swim Teacher, who is renewing my licence to receive the Royal Life Saving Swim Teacher Licence.

Professional Development and Reaccreditation

Swim Teaches complete a series of tasks over a three-year period following their successful completion of a RLSSA Accreditation course. RLSSA recommends that all Swim Teaches who become accredited continue to upgrade their knowledge.

The professional development program aims to raise the overall quality of Swim Teaches within pool lifesaving by ensuring they are provided with ongoing education and development opportunities covering areas such as:

- Keeping abreast of the latest information on developments within lifesaving as a sport
- Receiving the latest general and specific safety information related lifesaving as a sport
- Having access to the most up-to-date techniques and rules for lifesaving as a sport

Initial Training and Qualifications - All Swimming and Water Safety Teachers

RLSSA GSPO. SV2. Swimming and Water Safety Teachers

To perform the duties of a Swimming and Water Safety Teacher an individual should hold a:

- Current Cardiopulmonary Resuscitation (CPR) certificate issued by a Registered Training Organisation and a;
- "Working with Children" check or equivalent as required by relevant State or Territory legislation

Statement of Attainment with the SISSS00112 - Swimming and Water Safety Teacher skill set endorsed as part of the Sport, Fitness and Recreation Training Package as delivered by a Registered Training Organisation (RTO) or;

Statement of Attainment with the following competencies as delivered by a Registered Training Organisation (RTO)

SISCAQU002 - Perform basic water rescues.

SISCAQU008 - Instruct water familiarisation, buoyancy and mobility skills.

SISCAQU009 - Instruct water safety and survival skills.

SISCAQU010 - Instruct swimming strokes.

RLSSA GSPO. 2.8. Licensing

All Swimming and water safety teachers should be licenced no more than every 3 years by process of verification of skills assessment and ongoing professional development.

Licensing of Swimming and water safety teachers should include but not be limited to:

Requiring and citing evidence of training and assessment including CPR and basic water rescue techniques.

Requiring evidence of on-going professional development in both water safety and teaching techniques.

Requiring an assessment that the swimming and water safety teacher remains a fit and proper person to fulfil their duties.

GSPO 2.8. Licensing Schemes

- Organisations permitted to issue licences for Swimming and Water Safety Teachers in Australia must:
- Require the citing of evidence of training and assessment activities.
- Require skills assessments in line with this guideline.
- Require regular training and assessment in basic water rescue skills.
- Require evidence of sufficient ongoing professional development.
- Require working with children checks.

Have specific mechanisms to engage industry in all decision making in relation to its governance structure and program development of Swimming and Water Safety Programs.

Support the implementation of the National Swimming and Water Safety Framework for its programs.

Verify and provide information upon request, as to whether an individual holds a current and valid licence, except where the law requires such information not to be disclosed.

Maintain documented procedures for the suspension, withdrawal or reduced scope of a licence and any subsequent appeals or complaints.
