## Professional Development and Reaccreditation

Swim Teaches complete a series of tasks over a three-year period following their successful completion of a RLSSA Accreditation course. RLSSA recommends that all Swim Teaches who become accredited continue to upgrade their knowledge.

The professional development program aims to raise the overall quality of Swim Teaches by ensuring they are provided with ongoing education and development opportunities covering areas such as:

- Keeping abreast of the latest information on developments
- Receiving the latest general and specific safety information
- Having access to the most up-to-date techniques and rules
